

JESS ROOT

SINGER-SONGWRITER / LIVE ARTIST

Music for people who feel deeply.

ABOUT JESS

Jess Root is an American singer-songwriter whose music blends soulful melodies, thoughtful lyrics and emotional honesty. Raised in an Italian-American family in Connecticut, she grew up immersed in R&B, neo-soul, pop and hip-hop, finding her first stage in her family's living room before studying musical theater and dance as a teenager.

After relocating to the Dominican Republic, Jess returned to songwriting with renewed purpose, collaborating with musicians and producers throughout the Caribbean and releasing a collection of singles culminating in her EP *No Me Encajes*.

Now entering a new creative chapter, Jess is returning to the soulful R&B, neo-soul and hip-hop influences that first shaped her - bringing with her the rhythm, perspective and musical experiences gathered through a decade of life in the Caribbean.

SELECTED CREDIT

Two tracks from *No Me Encajes* - "Apego Ma' Fuerte" and "Salte de Mi" - were mixed with the support of two-time Grammy Award-winning engineer Steve Fallone.
